OF THE

CITY COUNCIL

For the Year 1927

Council Chamber,

Kingston, Jan. 3rd, 1927.

The inaugural meeting of the Council of the Corporation of the City of Kingston for the year 1927 was held in the Council Chamber at 11 o'clock to-day.

J. M. Farrell, Police Magistrate, administered the declaration of office to the Mayor-elect, Havelock Ford Price, who then took his seat and administered the declaration of office to the Aldermen-elect as follows:—

Sydenham Ward—William Herchimer Craig, Lawrence Edward Crowley, George Clarke Wright.

Ontario Ward—George Walter Boyd, John Edwin Johnston, Robert Edwin Kent.

St. Lawrence Ward—Earl Leonard Martin, William Peters, William Palmer Peters.

Frontenac Ward—Edward John Dunphy, Charles Louis Hebert, Joseph Parton.

Rideau Ward—George Laturney, Charles Henry Reid.

Victoria Ward—Wilfred Roy Allan, Percy Bloor Chown, Thomas Henry Sargent.

The City Clerk called the roll, the following members being present:—

Mayor Price, Aldermen Allan, Boyd, Chown, Craig, Crowley, Dunphy, Hebert, J. F. Johnston, J. E. Johnston, Kent, Laturney, Martin, Parton, W. Peters, W. P. Peters, Reid, Sargent, Wright.

MAYOR'S INAUGURAL ADDRESS.

To the Members of the City Council:

Gentlemen,—

Allow me to congratulate you upon being chosen to transact the business of the city for the coming year. To the most of you the duties are familiar. I wish particularly to congratulate those who have been elected chairmen of the different committees, and to remind them that though it is a great honour,

it is also a great responsibility. As for myself I think four years as alderman and then to be elected Mayor of this city is as high an honour as any man could aspire to, and I deeply appreciate it, and can only promise my best efforts for a successful year.

1927 will be the Diamond Jubilee of this Dominion of ours, and as Kingston has always played a prominent part in the government and the development of our country, we will have to take measures to fittingly celebrate the occasion.

The matter that is engaging the attention of the citizens these days is harbor improvements, and as this matter is of vital importance to us, we will have to adopt such measures as will assure success. We have a very efficient Harbor Committee at the present time, and our duty will be to strengthen their stand in every way. I have looked over the minutes of their meetings since 1919, and have been given a resumé of all the work done up to the present, as well as the plans for the future, and I can assure you that everything has been done that could possibly be done, and that as far as Kingston is concerned her interests have been well guarded, and her future welfare in safe hands. This will cost money, but the people should vote it willingly, for every dollar spent now will be repaid an hundred fold.

Financially Kingston is in a sound position, and by wise and careful consideration of every detail there should be no anxiety for the future. Last year your Finance Committee took an amount from the Sinking Fund profits, and used it instead of increasing the taxes. There were those who criticised such action, but I can see no fault in so doing. It was the people's money, and they, and not future generations, should benefit by it. Unfortunately we have no such amount available this year, and with the increased capital expenditure of last year for the new Rideau School and local improvements, I can see no way out but an increase in our taxes. I regret it, but facts are facts, and citizens should not complain, for they had the benefit last year of fully three mills reduction in taxes. It will be our duty, however, to prepare our estimates to the lowest possible point, compatible with efficiency, and keep the increase as low as possible, and I rely upon the chairmen of the different committees to watch closely every item. By the year 1930

Kingston will be in a wonderful financial position, for by that time our splendid water system, valued at \$1,500,000, will be free from debt, and a great part of our permanent paving will be paid for.

There are a few matters in which I have been interested, which I should like to bring to your attention, and hope they will meet with your approval and carried out early in the coming year.

Your Board of Works need some new and up-to-date machinery, especially in your street cleaning department. What we have is antiquated, and we might almost call it a wilful waste of money to continue with it. A new motor sweeper would add greatly to our service and prove economical. You also need an air compressor drill.

The automobile is here to stay in increasing numbers, and it is now about time we began to consider proper parking areas, so that our business streets can be reserved for business only. I have long been of the opinion that that section of Brock street from Montreal to Bagot streets could be made a good parking area, by moving both walks back to the street line. Then the boulevards on Montreal street from Brock to Queen streets should also be removed. This would give additional traffic space as well as eliminate an ugly spot from the centre of the city.

Another matter that should receive serious consideration is the proper marking of the streets in the city. There is at present no way by which a stranger can easily find his way about. Other cities have seen the benefit of permanent street signs and adopted them, and I see no reason why we could not do so too. The tourists' trade this summer will be greater than ever before, and we ought to do all in our power to attract and keep it. One way is to make our city accessible to the tourists by the permanent marking of our streets. I would urge that an appropriation be made for that purpose. If necessary I would suggest that a loan spread over a number of years. Another matter that would add greatly to the beauty of our city would be to trim the trees along our streets and in our parks. Some attention has been given to this matter, but I think the whole city should be gone over carefully, and all dying trees removed, and the irregular ones replaced by new ones.

I am sorry to inform you that there is a lot of unemployment in our city at the present time, but I hope that after the New Year it will be less. The poor we have with us always, but it seems too bad that there should be so much unemployment, and measures should be taken at once to relieve it as far as possible.

I am thankful at last we are to have proper hotel accommodation without burdening the city with an enormous debt, and the thanks of the citizens are due to those local capitalists who have come forward so splendidly and are filling our long felt need. May they prosper exceedingly.

Industrially Kingston has not made the progress that we all would wish, but I am thankful to say that the past year has seen more progress than usual. We have three new industries established by our own citizens. I have always contended that until the citizens of Kingston themselves established industries we would make slow progress. I was sorry to see so little interest taken in our industrial by-laws. If we expect people to put their capital in industrial enterprises, the least we can do is to give them a pat on the back once in a while. However, we got a more favorable vote this year than we did one year ago, so here's hoping that at last the people are waking up. A small proportion of the money spent to induce outside concerns to locate here would, I think, if spent on our local industries have better results.

Gentlemen, you are beginning a new year, and one that promises great things for Canada. There is a wave of optimism sweeping over this country, and I trust that through our efforts Kingston may benefit to a large extent.

In conclusion I ask your hearty co-operation, and trust that our efforts may meet with the approval of our electors.

H. F. PRICE, Mayor.

BY-LAW NO. 5, 1927.

A By-law to authorize the Mayor and Treasurer of the Corporation of the City of Kingston to borrow certain sums to meet the current ordinary expenditure of the Corporation.

Passed January 3rd, 1927.

WHEREAS in order to meet the current ordinary expenditure of the corporation and the sum required to be raised in

the current year for High and Public School purposes, it is necessary to borrow money in anticipation until such times as the taxes to be levied therefor are collected, and whereas it is necessary under Clause 319 of the Consolidated Municipal Act, 1922, and amendments thereto, to pass a by-law authorizing such to be done.

AND WHEREAS the Council deems the sum of \$300,000 necessary to meet the current ordinary expenditure of the said corporation and the sums required to be raised in the current year for High and Public School purposes until the taxes are collected, and said sum does not exceed ninety per cent. of the ordinary expenditure of the said corporation for the next preceding year, together with the amount required to be raised for High and Public School purposes for the current year, and it is deemed expedient to authorize the Mayor and Treasurer to borrow the sum of \$300,000.

BE IT THEREFORE ENACTED by the Council of the Corporation of the city of Kingston as follows:

1. That the Mayor and Treasurer of the said corporation be and they are hereby authorized under the seal of the corporation to borrow from any chartered Bank in the city of Kingston the sum of \$300,000, which sum is deemed necessary by the Council to meet the current ordinary expenditure of the corporation and the sums required to be raised in the current year for High and Public School purposes until the taxes are collected.

2. That the said Mayor, with the Treasurer aforesaid, be and they are hereby authorized to pay or allow the said bank interest on the said sum so borrowed at the rate to be arranged by the Finance Committee and adopted by this Council.

3. That a promissory note, or notes, covenant or agreement, sealed with the corporation seal and signed on behalf of the corporation by the Mayor and Treasurer, be duly executed and given to the said bank as aforesaid as security for the repayment of the amount borrowed with interest thereon as aforesaid.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

H. F. PRICE,
Mayor. [L. S.]

1. That Calvin Jackson be appointed Chimney Viewer, and that the by-law in regard to fees be amended in accordance with City Engineer's report.

2. That tenders be called for a portable gasoline engine driven air compressor unit mounted on a one-ton truck, and also tenders separately for each.

3. That tender be called for a motor driven street sweeper of the pickup type.

4. That the following streets be paved:—

Barrack street from Ontario street to Wellington street.

Princess street from Alfred street to city limits.

King street from Barrie street to Ellerbeck street.

5. That in connection with obtaining properties for the opening of Mack street, that the offer of A. E. Weller to sell to this corporation southerly 24 feet of Lot No. 9, fronting on the east side of Macdonnell street, for the sum of \$200, and the offer of W. A. Report of Finance Committee Containing the Budget.

Ald. Kent presented report No. 28 from the Committee on Finance and Accounts containing the Budget as follows:

Civic Budget, 1927

Kingston, March 23rd, 1927.

The Committee on Finance and Accounts, in submitting the estimates for the year 1927, begs leave to report as follows:—

The Bonded Debt of the City to 31st December, 1926, is \$2,688,599.98, made up as follows:—

Water Works	\$ 37,600 00
Light Works	508,485 33

SCHOOLS—

Public	\$356,972 71
High	58,700 00
	415,672 71

LOCAL IMPROVEMENTS—

Corporation's Portion	\$621,696 00
Owners' Portion	540,995 89
	1,162,691 89
General Purposes	564,150 05
	\$2,688,599 98

The amount of the Sinking Fund is \$749,413.46, and of this amount \$656,692.32 is invested in Government and Municipal Debentures and \$92,721.14 is on loan to the city until invested.

The amount to be levied for the Sinking Funds this year is \$119,491.11, the parties specially benefited paying \$48,059.15, and the city generally paying \$71,431.96.

COMPARISON OF RATE WITH LAST YEAR.

The tax rate last year was 33 mills on the dollar, but the equivalent of 3 mills from the Surplus earnings from monies belonging to the Sinking Fund was placed in the Revenue, without which the rate would have been 36 mills. This year the rate as recommended is 36½ mills, and the equivalent of one mill has been taken from the Surplus earnings without which the rate would be 37½ mills. If no Surplus earnings either last or this year had been obtainable the rate for 1926 would have been 36 mills and the rate for 1927 would have been 37½ mills, or an increase of 1½ mills on the rate for 1927 over that for 1926.

The increase in the estimates from the Board of Education for 1927 over that of 1926 is \$22,400, which amounts to 1¼ mill on the dollar. The increase for Charities amounts to ¼ mill on the dollar, so that the tax rate has been maintained at the same rate as last year as far as the expenditures are concerned over which the City Council has control.

In 1907 the population of Kingston was 18,800; in 1927 it is 21,600, or an increase of about 15%. In 1907 the total expenditures for education amounted to \$48,700; in 1927, twenty years hence, the estimates for Education amount to \$256,000, or an increase of 430%. It can readily be seen what rapid increases have been made in expenditures in this department as compared with the increase in population in order to keep in line with modern conditions, and these increases have had a marked effect on raising the tax rate during this period, which has become abnormally high because the city has not been favored with a corresponding increase in assessment.

In 1928 the Waterworks Plant will be free of debt, and the ratepayers should benefit from the surplus earnings from this plant by an amount equivalent to at least one mill on the dollar every year.

Your Committee recommend that a rate of 22.17 mills for general purposes, and 14.33 mills for educational purposes, making a total of 36.50 mills on the dollar, be placed on this year's ordinary assessment, and that a rate of one mill on the dollar for the collection and disposal of garbage be imposed on the assessment liable thereto.

In regard to the above rate of 36½ mills the assessment is divided as follows:—

For Education	14.33	mills
Hospitals	1.89	"
Library	.77	"
All Others	19.51	"
Total	36½	mills

The Budget is appended.

Respectfully submitted,

BY-LAWS

Ald. Kent presented By-law No. 12, 1927. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Crowley in the chair, and was signed and sealed as follows:

BY-LAW NO. 12, 1927.

A By-law to levy a tax rate of $36\frac{1}{2}$ mills on the dollar upon the assessed value of the rateable property in the City of Kingston for the lawful purpose of the municipality for the year 1927.

Passed March 25th, 1927.

WHEREAS for the year 1927 there are required for the lawful purpose of the municipality of the city of Kingston, as hereinafter specified, the following named sums of money estimated by and to the Council of the said municipality, to be raised by the levy of the several rates hereinafter mentioned

respectively amounting to the rate of $36\frac{1}{2}$ mills on the dollar upon the assessed value of the rateable property in the said municipality, and which in the revised and adopted assessment rolls and the supplementary rolls for the year 1927 amounts to the sum of \$17,421,281 current money of Canada, which rate of $36\frac{1}{2}$ mills on the dollar is in respect of the rateable property in the said municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto, and which rate of $36\frac{1}{2}$ mills on the dollar also includes the rate for the sum required for the Public School purposes for said year, to be levied on the property liable thereto as hereinafter provided.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The sum of \$58,390.58 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1 of this by-law, shall be raised by the levy of a rate of 3.33 mills on the dollar upon the whole assessed value of the rateable property in the said municipality.

2. The sum of \$13,560.50 required for Public Library purposes, as estimated to the said Council by the Public Library Board and for payment of the annual amount due on account of debentures issued for Public Library purposes, shall be raised by a levy of a rate of $77/100$ mills on the dollar upon the whole of the assessed value of rateable property in the said municipality aforesaid.

3. The sum of \$69,634.46 required for High School purposes as estimated to the said Council by the Board of Education, and to pay the annual payment and interest on account of High School debentures of the said municipality shall be raised by a levy of a rate of 3.98 mills on the dollar upon the whole of the assessed value of all the rateable property in the said municipality as aforesaid.

4. The sum of \$127,157.93 required for Public School purposes of the said municipality as estimated to the said Council

raised by the levy of a rate of 8.54 mills on the dollar upon the assessed value of the rateable property in the said municipality assessable and liable to be raised for a public school rate, said assessed value being \$14,893,713.

5. The sum of \$27,012.03 required to pay the annual interest on and the annual payment on account of the public school debentures of the said municipality, shall be raised by a levy of a rate of 1.81 mills on the dollar upon the said assessed value of the rateable property in the said municipality assessed and liable to be raised for a public school rate, said assessed value being \$14,893,713.

6. There shall also be levied on the rateable property in the said municipality liable thereto, the assessed value of which amounts to \$2,618,723, a rate of 10.35 mills on the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate School of the said municipality for the purposes of the said Separate School for the current year, and the last mentioned rate shall be levied and collected by the collectors appointed to collect the municipal rates and taxes of the said municipality at the time and as provided by law.

7. The sum of \$87,437.82 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said municipality issued for the purposes of raising loans for the amount of the cost of the several local improvement works in the said municipality to be borne and paid by the said municipality at large shall be raised by the levy of a rate of 4.99 mills on the dollar on the whole of the said assessed value of all rateable property in said municipality as aforesaid.

8. The sum of \$228,906.81 required for the general purposes and expenditure of the said municipality for the current year shall be raised by the levy of a rate of 13.08 mills on the dollar upon the whole of the assessed value of all the rateable property in the said municipality as aforesaid.

9. The said several rates of 3.33, 3.98, 4.99, 77/100 and 13.08 mills on the dollar to be levied upon the whole of the assessed value of the rateable property in the said municipality

and the said several rates of 8.54 and 1.81 mills on the dollar to be levied upon the said assessed value of all the property in the said municipality assessable and liable to be rated for a Public School rate, and the said rate of 10.35 mills on the dollar to be levied on the assessed value of all the property in said municipality assessable and liable to be rated for the said Roman Catholic Separate School rate (together amounting to 36½ mills on the dollar upon the assessed value of the property upon and in respect of which the said several rates are to be levied respectively), shall be levied and collected at one and the same time as provided by law by the collector appointed to collect the municipal rates and taxes of the said municipality.

10. The City Clerk shall prepare and deliver to the said Collector the Collector's rolls of the said municipality for the said year, and prepare according to law on or before the first day of May, 1927.

This By-law shall come in force and take effect on its passing.

Ald. Driscoll presented By-law No. 13, 1927. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Dunphy in the chair, and was signed and sealed as follows:

BY-LAW NO. 13, 1927.

A By-law to levy a tax of one mill on the dollar upon the assessed value of the land in the municipality of the City of Kingston for the purpose of defraying the cost of the collection, removal and disposal of garbage and other refuse throughout the whole municipality.

Passed March 25th, 1927.

WHEREAS By-law No. 42, 1915 ("A By-law to provide for the collection, removal and disposal of garbage and other refuse") was passed by the Council of the Corporation of the City of Kingston, September 15th, 1915;

AND WHEREAS Section 19 of the said by-law provided as follows:

19. The expense of the collection, removal and disposal by the Corporation of said garbage and other refuse throughout the whole municipality shall be borne by the owners and occupants of the land therein, and an annual special rate shall be imposed upon such land according to its assessable value, sufficient to defray the expense of such collection, removal and disposal, and no land within the municipality shall be exempt from the said annual special rate, anything in general or special Act or any by-law to the contrary notwithstanding. The said annual special rate shall be placed upon the Collector's Roll during the year in which the same is to be collected, and shall be collected in like manner and at the same time as all other municipal taxes."

AND WHEREAS it will require an annual special rate of one mill on the dollar on the assessed value of the land within the municipality of the city of Kingston to defray the expenses of the collection, removal and disposal by the Corporation of garbage and other refuse throughout the whole municipality.

AND WHEREAS the assessed value of the said land as stated in the revised and adopted assessment roll of the said municipality for the year 1927 amounts to \$19,582,000.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. The sum of \$19,582 required to defray the expenses of the collection, removal and disposal by the Corporation of garbage and other refuse throughout the whole municipality of the City of Kingston shall be raised by the levy of a special rate, "The Garbage, etc., rate" of one mill on the dollar upon the whole assessed value of the land within the said municipality, which rate shall be in addition to all other rates for which the said land is and shall be liable.

2. The City Clerk shall place upon the Collector's Roll opposite the several names of the persons assessable the amounts assesable against the said land in respect of such special rate.

3. The said amounts shall be payable in each year to the collector of the municipal taxes of the City of Kingston, who is hereby authorized to collect the said amounts at the same time, and in the same manner, and with like remedies as ordinary taxes upon the real estate are collectible, and under the provisions of the Assessment Act.

4. That the amount collected from the said date shall be expended in defraying the expenses of the collection, removal and disposal by the Corporation of said garbage and other refuse, and not otherwise.

This by-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Reid presented By-law No. 14, 1927. The by-law was read a first time, and the 31st rule being suspended by two-

thirds vote a second and third time, the second being in committee of the whole, Ald. Hebert in the chair, and was signed and sealed as follows:

BY-LAW NO. 14, 1927.

A By-law to construct a nine-inch tile sewer on certain streets in the City of Kingston hereinafter mentioned as local improvements under the provisions of the Local Improvement Act.

Passed April 4th, 1927.

WHEREAS it is expedient that the construction of the work hereinafter described shall be undertaken as local improvements, and notice of the intention of the Council to undertake such work has been duly published.

AND WHEREAS the Provincial Board of Health has approved of the construction of the said sewers:

THEREFORE the Municipal Council of the corporation of the City of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a nine-inch tile sewer on Redan street, from Raglan Road southerly 160 feet; and on Barrack street from Ontario street to King street, in the City of Kingston, as set out in the schedule hereto attached marked "A," should be undertaken as local improvements under the provisions of the Local Improvement Act.

2. That as above determined and declared the said sewers be constructed on the said streets, in the said City, as local improvements under the provisions of the Local Improvement Act.

3. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such infor-

mation as may be necessary for the making of a contract for the execution of the work.

4. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council, to be declared by resolution.

6. The Treasurer may (subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

7. The special assessment shall be paid in twenty annual instalments (which is within the lifetime of the work).

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by Council, and to be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised on investment shall not be more than four per cent. per annum.

9. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sums as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

BY-LAWS

Ald. J. E. Johnston presented By-law No. 16, 1927. The By-law was read a first time, and the 31st rule being suspended

by two-thirds vote a second and third time, the second being in committee of the whole, Ald Kent in the chair and was signed and sealed as follows:—

BY-LAW No. 16, 1927

A BY-LAW to raise by way of loan the sum of \$12,210.96 by the issue of debentures to meet the cost of construction of concrete walks, sewers and concrete curbs in those portions of the streets of the city of Kingston mentioned in the schedule annexed to this by-law.

Passed April 19th, 1927.

AND WHEREAS by a two-thirds vote of all the members of the Council of the corporation of the City of Kingston, due notice of the intention of the Council to undertake such works having been duly published, it was determined to construct the concrete walks mentioned and described in column one of Part I of the schedule hereto annexed as local improvements under the Local Improvement Act.

AND WHEREAS by a two-thirds vote of all the members of the council of the corporation of the City of Kingston, due notice of the intention of the Council to undertake such work having been duly published, it is determined to construct common sewers as local improvements under the said Act, on the portion of the streets mentioned and described in column one of Part II of the schedule hereto annexed.

AND WHEREAS the Provincial Board of Health has approved of the construction of the sewers mentioned in Part II of the said schedule.

AND WHEREAS by a two-thirds vote of all members of the Council of the corporation of the City of Kingston due notice of the intention of the Council to undertake such works having been duly published, it was determined to construct the concrete curbs mentioned and described in column one of Part III of the schedule hereto annexed as local improvements under the Local Improvement Act.

AND WHEREAS the said several walks, sewers and curbs were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that the said respective works have been fully completed and a special assessment roll has been prepared by the City Engineer, pursuant to the by-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several lots abutting directly on the respective works, and it has been certified that the period of twenty years is the probable life of each of the said several works.

AND WHEREAS the assessed value of the whole real property ratable in respect of the said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the said schedule respectively opposite the said several works as described in the first column of said schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said schedule respectively, and the corporation's portion of such cost is as mentioned in the third column of the said schedule respectively, and the portion of such costs chargeable against the several lots abutting directly on the work is as mentioned in the fourth column of the said schedule respectively opposite the said several works, as described in the first column of said schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each such local improvement works is as set down in the fifth column of said schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each of such works is as set down in the sixth column of each such schedule respectively opposite each works as described in the first column of said schedule, and the annual rate per foot frontage to be levied in each year for the period of twenty years upon the several lots abutting directly upon and chargeable in respect of each such work is as set down in the seventh column of the said schedule respectively opposite each such work as described in the first column of said schedule, and the said schedule is in all these particulars the same respectively as ascertained and determined by the

said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of \$12,210.96, being the total cost of the said works, is the amount of the debt to be created by this by-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of \$12,210.96 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of January, 1927, as hereinafter provided.

AND WHEREAS it will require the sum of \$448.32 to be raised annually for a period of twenty years to pay the sum of \$5,841.17 (being the corporation's portion of the cost of the said works) and interest at the rate of 5% per annum payable half-yearly, and it will require the sum of \$532.51 raised annually for a period of twenty years to pay the sum of \$6,369.79 (being the property owners' portion of the said cost of the said works) and interest at the said rate payable half-yearly.

AND WHEREAS the whole ratable property of the said City of Kingston, according to the last revised assessment roll, is the sum of \$17,512,436, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts, secured by special acts, rates or assessments, is the sum of \$2,147,604.09, of which neither principal or interest is in arrears.

BE IT THEREFORE ENACTED by the Council of the corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the corporation by the issue of debentures hereinafter mentioned, the sum of \$12,210.96, and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the Mayor to cause any number of debentures to be made for such sum of money as may be required, not less than \$100 each, and not exceeding in the

whole the said sum of \$12,210.96, and the said debentures shall be sealed with the seal of the said corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of \$12,210.96 by the way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated the 1st January, 1927, and shall be payable on the first day of January, 1947, at the office of the Treasurer of the said City of Kingston, in the said City.

4. The said debentures shall bear interest at the rate of five per cent. per annum, which interest shall be payable half-yearly on the first days of the months of January and July in each year, at the office of the said Treasurer, in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. As to the said sum of \$5,841.17 being the corporation's portion of the cost of the said several works as described in column one of the said schedule hereto annexed, there shall be raised annually during the currency of the debentures the sum of \$292.06 for the interest thereon and the sum of \$196.26 to form a sinking fund for the payment of the debt, the said sums making together the annual amount of \$488.32 to be raised, levied and collected in each year during the said period of twenty years by annual special rates sufficient therefor to be levied on the whole ratable property in the said municipality.

6. As to the said sum of \$6,369.79, being the owners' portion of the cost of the said several works as described in column 1 of the said schedule hereto annexed, there shall be raised annually during the currency of the said debentures the sum of \$318.49 for the payment of interest thereon, and the sum of \$214.02 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of \$532.51. For the payment of the owners' portion of the cost \$6,369.79 and the annual interest thereon, \$214.02, the several special assessments set forth in the said Special Assessment Rolls are hereby imposed upon the lands liable therefor and therein severally set forth, which said annual assessments with a sum sufficient to cover the interest

thereon at the rate aforesaid shall be payable in twenty equal annual instalments, as severally set forth in Column No. 7, opposite the said several works and described in Column No. 1 of the schedule hereto annexed, and for that purpose the equal annual special rate per foot frontage applicable to each work as set forth in Column No. 7, is hereby imposed in the case of each of such works upon the lots abutting directly upon said works as described in Column No. 1 of said schedule according to the assessed frontage thereon, over and above all other rates and taxes, which said special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes.

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works, and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage and shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued, and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate, and the amount of the said debentures shall be reduced by the amount paid as commutation.

This by-law shall come in force and take effect on its passing.

Ald. Kent presented By-law No. 17, 1927. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald Laturney in the chair and was signed and sealed as follows:

BY-LAW No. 17, 1927.

A BY-LAW to raise by way of loan the sum of \$109,320.34 by the issue of debentures to meet the cost of construction of asphalt pavement, etc., on those portions of the streets in the City of Kingston mentioned in the schedule annexed to this by-law.

Passed April 19th, 1927.

WHEREAS in the opinion of two-thirds of all the members of the Council of the corporation of the City of Kingston it was desirable in the public interest to construct asphalt pavements as local improvements on the several portions of streets mentioned and described in column one of the schedule "A", hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the municipality forty per cent of that portion of the cost of the construction of the said pavement falling on the property benefited in addition to the part of such cost to be provided by the municipality and to add said forty per cent. to the said part of the cost of construction of the said roadway to be provided by the municipality and to issue debentures for the amount thus obtained.

AND WHEREAS before proceeding with the work the necessary private drain connections from the main sewer to the street line and the necessary water and gas mains, service pipes and stop cocks were made and laid as set out in schedule "B", the cost of which is to be assessed only upon the particular lot to serve which it was constructed or effected.

AND WHEREAS the said pavements and private branch drains, water and gas mains were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said works

have been fully completed, and that a special assessment roll has been prepared by the City Engineer pursuant to the by-law in that behalf, showing the cost of the said works and making an assessment therefor upon the several lots abutting directly on the works, and it has been certified that the period of ten years is the probable life of the said works.

AND WHEREAS the assessed value of the whole real property ratable in respect of said several improvements as ascertained and finally determined is the amount mentioned in the eighth column of the schedule "A" opposite the said several works as described in the first column of said schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said schedule, and the corporation's portion of such cost is as mentioned in the third column of the said schedule, and the portion of such cost chargeable against the several lots abutting directly on the works is as mentioned in the fourth column of the said schedule opposite the said several works as described in the first column of the said schedule.

AND WHEREAS the number of feet frontage of the lots chargeable in case of each of such local improvement works is as set down in the fifth column of said schedule and the cost per foot frontage chargeable against the lots chargeable in respect of each such work is as set down in the sixth column of said schedule opposite each such work as described in the first column of said schedule, and the annual rate per foot frontage to be levied in each year for the period of ten years upon the several lots abutting directly upon and chargeable in respect of each work is as set down in the seventh column of the said schedule opposite each of such work as described in the first column of said schedule, and the said schedule is in all these particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of \$109,320.34 being the total cost of all the said works is the amount of the debt to be created by this by-law and for the purpose of repaying the

said temporary advances, it is expedient to raise the said sum of \$109,320.34 by the issue of debentures of the said City of Kingston, the principal to be payable in ten years from the first day of January, 1927, as hereinafter provided.

AND WHEREAS it will require the sum of \$7,764.25 raised annually for a period of ten years to pay the sum of \$58,246.48 (being the corporation's portion of the said cost of the said works) and interest at the rate of 5% per annum, payable half-yearly, and it will require the sum of \$6,808.14 raised annually for a period of ten years to pay the sum of \$51,073.86 (being the property owners' portion of the said cost of the said works) and interest at the rate of 5% per annum, payable half-yearly.

AND WHEREAS the whole ratable property of the said City of Kingston according to the last revised assessment roll is the sum of \$17,512, 436, and the amount of the existing debenture debt of the said city, exclusive of local improvement debts secured by special acts, rates or assessments, is the sum of \$2,147,604.09, of which neither principal nor interest is in arrears.

BE IT THEREFORE ENACTED by the Council of the corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the corporation by the issue of the debentures hereinafter mentioned the sum of \$109,320.34 and to cause the same to be paid into the hands of the Treasurer for the purpose of this by-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sum of money as may be required not less than \$100 each and not exceeding in the whole the said sum of \$109,320.34, and the said debentures shall be sealed with the seal of the said corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of \$109,320.34 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated on the first day of January, 1927, and shall be payable on the first day of January, 1937, at the office of the Treasurer of the City of Kingston, in the said city.

4. The said debentures shall bear interest at the rate of 5% per annum, which interest shall be payable half-yearly on the first days of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the Treasurer.

5. As to the said sum of \$58,246.48, being the corporation's portion of the cost of the said several works as described in column one of the schedule hereto annexed, there shall be raised annually during the currency of the debentures the sum of \$2,912.32 for the interest thereon and the sum of \$4,851.93 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of \$7,764.35 to be raised, levied and collected in each year during the said period of years by annual special rate sufficient therefor to be levied on the whole ratable property in the said municipality.

6. As to the said sum of \$51,073.86, being the owners' portion of the cost of the said several works as described in column one of schedule "A" and set out in schedule "B" hereto annexed, there shall be raised annually during the currency of the said debentures the sum of \$2,553.69 for the payment of the interest thereon and the sum of \$4,254.45 to form a sinking fund for the payment of the said portion of the said debt, the said sums making together the annual amount of \$6,808.14. For the payment of the owners' portion of the cost \$51,073.86 and the interest thereon, the several special assessments set forth in the said Special Assessment Rolls and in the schedules hereto annexed, are hereby imposed upon the lands liable therefor as therein severally set forth, which said annual assessments, with a sum sufficient to cover the interest thereon at the rate aforesaid, shall be payable in ten equal annual instalments as severally set forth in column seven of schedule "A" and in column six of schedule "B", and for that purpose the special annual rate per foot frontage set forth in schedule "A", and the special annual rate per foot frontage of lot as set forth in schedule "B", hereto annexed, are hereby imposed upon the lots

entered in the Special Assessment Roll and schedule "A", according to the assessed frontage thereof and as set out in schedule "B" over and above all other rates and taxes, which said special rates shall be collected annually by the collector of taxes for the corporation at the same time and in the same manner as other taxes

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in on other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll of the City Engineer as finally revised up to the end of two weeks from and after this by-law shall take effect, after which the said debentures shall be issued, and no commutation shall be permitted, and the lands of persons commuting shall not be subject to the said special rate, and the amounts of the said debentures shall be reduced by the amount paid as commutation.

9. This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

H. F. PRICE,
Mayor. [L.S.]

thirds vote a second and third time, the second being in committee of the whole, Ald. J. E. Johnston in the chair, and was signed and sealed as follows:

BY-LAW NO. 18, 1927.

A By-law to authorize the construction of a concrete walk on the north side of Brock street, from Bagot street to Montreal street, in the City of Kingston, as a local improvement under the provisions of the Local Improvement Act.

Passed May 16th, 1927.

WHEREAS it is expedient that the construction of a concrete walk on the north side of Brock street from Bagot street to Montreal street, in the said City of Kingston, should be undertaken as a local improvement, and notice of the intention of the Council to undertake such work has been duly published;

THEREFORE, the Municipal Council of the corporation of the city of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a concrete walk should be undertaken as a local improvement under the provisions of the Local Improvement Act.

2. That as above determined and declared, the said concrete walk be constructed as a local improvement under the provisions of the Local Improvement Act.

3. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

4. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

6. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

7. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such such as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

BY-LAWS

Ald. Reid presented By-law No. 19, 1927. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair, and was signed and sealed as follows:

BY-LAW NO. 19, 1927.

A By-law to authorize the construction of sheet asphalt pavements on certain streets in the city of Kingston as local improvements under the provisions of the Local Improvement Act.

Passed May 30th, 1927.

WHEREAS it is expedient that the works hereinafter described should be undertaken as local improvements, and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE the Municipal Council of the corporation of the City of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a sheet asphalt pavement on a four-inch concrete base, on the following streets in the city of Kingston, namely: On Alma street from York street to Balaclava street; and on Balaclava street from Alma street to Bay street; and on Bay street from Balaclava street to Sydenham street; and on Centre street from King street to Union street; and on Cherry street from York street to Chestnut street; and on Cherry street from Chestnut street to Frontenac School; and on Collingwood street from King street to Johnston street; and on St. Lawrence avenue from Stuart street to King street, and a sheet asphalt pavement on old macadam base on King street from Barrie street to Ellerbeck street, as set out in the schedule hereto annexed marked "A," shall each be undertaken as a local improvement under the provisions of the Local Improvement Act.

2. That as above determined and declared, a sheet asphalt pavement, on a four-inch concrete base, be constructed on the following streets as above, namely, on Alma street from York street to Balaclava street; and on Balaclava street from Alma street to Bay street; and on Bay street from Balaclava street to Sydenham street; and on Centre street from King street to Union street; and on Cherry street from York street to Chestnut street; and on Cherry street from Chestnut street to Frontenac School; and on Collingwood street from King street to Johnston street; and on St. Lawrence avenue from Stuart street to King street, and a sheet asphalt pavement on old macadam base on King street from Barrie street to Ellerbeck street, as set out in the schedule hereto annexed marked "A," each as a local improvement under the provisions of the Local Improvement Act.

3. That before proceeding with the work of constructing the said asphalt pavement with a four-inch concrete base on Alma street from York street to Balaclava street; and on Balaclava street from Alma street to Bay street; and on Centre street from King street to Union street; and on Cherry street from York street to Chestnut street; and on Cherry street from Chestnut street to Frontenac School; and on Collingwood street from King street to Johnston street, and the construction of a sheet asphalt pavement on old macadam base on King street from Barrie street to Ellerbeck street, all the necessary private drain connections be made from the main sewer to the street line on both sides, and also all necessary water mains, service pipes and stopcocks be laid, and all necessary alterations in the same be made, and also all necessary gas mains, service pipes and stopcocks be laid, and all necessary alterations in the same be made, and that the cost of water or gas service pipes and stopcocks and any alterations in the same and the costs of the private branch drains and connections be specially assessed on the particular lots to serve which they are constructed or affected, and the lots affected and to be specially assessed for such additional works are set out in the schedule hereto annexed marked "B."

4. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of contracts for the execution of the said works.

5. The works shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

6. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the works to be made and entered into with some person or persons, firm or corporation subject to the approval of this Council to be declared by resolution.

7. The Treasurer may, subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the works pending the completion of them.

8. The Special Assessment shall be paid by ten annual instalments, that period being within the lifetime of the said works.

9. The debentures to be issued for the loan to be effected to pay for the cost of the works when completed, shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within ten years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt, the rate of interest on investment shall not be estimated at more than four per cent. per annum.

10. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sum as, when invested at four per cent. per annum, will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

H. F. PRICE,
Mayor. [L. S.]

Ald. Reid presented By-law No. 20, 1927. The by-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Laturney in the chair, and signed and sealed as follows:

BY-LAW NO. 20, 1927.

A By-law to authorize the construction of concrete walks and curbs on certain streets in the City of Kingston, as local improvements under the provisions of the Local Improvement Act.

Passed May 30th, 1927.

WHEREAS it is expedient that the construction of a concrete walk on the east side of Centre street from Edgehill street to King street; on the east side of George street from O'Kill street to King street; on the east side of King street from Gore street to Union street; on the west side of King street from William street to Earl street, and on Raglan Road, north side, from Division street to Main street, and a concrete curb on the south side of King street from Barrie street to Centre street, and on the north side of King street from University avenue to Ellerbeck street, in the said City of Kingston, should be undertaken as a local improvement, and that notice of the intention of the Council to undertake such work has been duly published;

THEREFORE the Municipal Council of the corporation of the city of Kingston enacts as follows:

1. That it is determined and declared, this by-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of the concrete walks and curbs should be undertaken as local improvements under the provisions of the Local Improvement Act.

2. That as above determined and declared, the said concrete walks and curbs be constructed as a local improvement under the provisions of the Local Improvement Act.

3. The Engineer of the corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of a contract for the execution of the work.

4. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

6. The Treasurer may (subject to the approval of the Council) agree with any bank or person for temporary advances of money to meet the cost of the work pending the completion of it.

7. The special assessment shall be paid by twenty annual instalments (which is within the lifetime of the work).

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money by-law to be hereafter passed by the Council, and be made payable within twenty years on the sinking fund plan, and, in settling the sum to be raised annually to pay the debt, the rate of interest on investments shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the Clerk and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BY-LAWS.

Ald. Kent presented By-law No. 27, 1927. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Anderson in the chair and was signed and sealed as follows:

BY-LAW No. 27, 1927.

A By-law to purchase certain land for the widening of King Street, in the City of Kingston, from George Street westerly.

Passed July 5th, 1927.

WHEREAS it is expedient for the Corporation of the City of Kingston to purchase the lands more particularly described for the widening of King Street in the said City of Kingston from George Street westerly to the westerly limit of the parcel

of land hereinafter described as parcel number One, for the sum of \$8,000 to be paid from the funds of the Corporation provided for current revenue.

BE IT THEREFORE ENACTED by the Municipal Corporation provided for current revenue, namely:

PARCEL No. 1: All and singular that certain parcel or tract of land and premises situate, lying and being in the city of Kingston, in the County of Frontenac and being composed of part of Lot No. 24 in the First Concession of the Township of Kingston, formerly, but now within the City Limits and being a part of the block of land and premises known as the "Garratt Water Lot", which said Garratt Water Lot is marked "Water front", in the registered plan now on file in the Registry Office for said City of Kingston, as No. C 28, and which said parcel of land hereby conveyed or intended so to be may be better known as follows; that is to say: Commencing at a point in the southerly side of King street at the north west corner of the land heretofore sold and conveyed by Michael Doran to Sarah Matilda Robinson, by registered instrument No. R. 2534; thence westerly along the southerly side of King Street thirty-seven feet more or less to the easterly boundary of a sewer running southerly; thence southerly along the easterly boundary of said sewer two hundred and six feet more or less to the southerly side of the breakwater; thence easterly along the southerly side of said breakwater to the said land of said Robinson; thence northerly along the westerly limit of said land two hundred and six feet more or less to the place of beginning, together also with the use of the right of way in common from King street west of said sewer as formerly used by John Gleason and extending southerly to the waterfront.

PARCEL No. 2. All and singular that certain parcel or tract of land and premises situate, lying and being in the said City of Kingston, in the County of Frontenac, and being a part of the broken front of Lot Number 24, formerly in the First concession of the said Township of Kingston, but now within the limits of the City of Kingston, and being part of a block of land known as the "Garratt Water Lot" and conveyed by George A. Kirkpatrick, Trustee, to Michael Doran, by Deed October 1st, 1878, and registered in the Registry Office for said City of Kingston, on 27th November, 1878 as Number

N 825, which parcel of land hereby conveyed may be better known as follows: Commencing at the intersection of the easterly boundary of the land conveyed by said Deed with the southerly limit of King Street; thence westerly along said southerly side of King Street fifty-seven feet to a mark in the line fence; thence southerly and parallel to said easterly boundary of the land conveyed by said Deed to the water's edge; thence easterly along the water's edge to said easterly boundary of the land conveyed by said Deed; and thence northerly along said boundary to the place of beginning; said parcel hereby conveyed being part of the tract marked "water front" on the registered Plan now on file in said Registry Office as Number C 28.

Together with all the rights and privileges of the water lot and land covered with water in front of or appertaining to the lands and premises hereby conveyed, or intended so to be.

This by-law shall come in force and take effect on its passing.

(Signed)

W. W. SANDS,
City Clerk.

H. F. PRICE,
Mayor. [L.S.]

Ald. Reid presented By-law No. 28, 1927. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. J. E. Johnston in the chair, and was signed and sealed as follows:

BY-LAW No. 28, 1927.

Passed July 5th, 1927.

WHEREAS it is expedient that the work hereinafter described should be undertaken as a local improvement, and notice of the intention of the Council to undertake such work has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. That it is determined and declared, this By-law being passed by a vote of two-thirds of all the members of the Council, that it is desirable that the construction of a sheet asphalt pavement on a four inch concrete base on Maitland Street from King Street to the waterfront, as set out in the schedule hereto annexed, shall be undertaken as a local improvement under the provisions of the Local Improvement Act.

2. That as above determined and declared, the construction of a sheet asphalt pavement on a four inch concrete base on Maitland Street from King Street to the waterfront, as set out in a schedule hereto annexed, be constructed as a local improvement under the provisions of the Local Improvement Act.

3. The Engineer of the Corporation do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of contracts for the execution of the work.

4. The work shall be carried on and executed under the superintendence and according to the directions and orders of such Engineer.

5. The Mayor and Clerk are authorized to cause a contract or contracts for the construction of the work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

6. The Treasurer may, subject to the approval of the Council, agree with any bank or person for temporary advances of money to meet the cost of the work, pending the completion of it.

7. The special assessment for the sheet asphalt pavement on a four inch concrete base shall be paid by ten annual instalments, that period being the lifetime of the said work.

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at a rate to be fixed by a money By-law to be hereafter passed by the Council, and to be made payable within ten years, on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest on investments shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon by paying the portion of the cost of construction assessed upon such lots, without interest forthwith after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such a sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This By-law shall come in force and take effect on its passing.

BY-LAW No. 30, 1927.

A BY-LAW to raise by way of loan on the credit of the debentures of the Municipality of the City of Kingston, the sum of \$3,500.00 for the purposes herein mentioned.

Passed Oct. 17, 1927.

WHEREAS it is expedient to purchase road making machinery and equipment for the purposes of the Corporation and to raise money to meet the cost of the same by the issue of debentures of the Corporation of the City of Kingston and to pass a by-law to authorize said issue.

AND WHEREAS the amount of the debenture debt to be created is \$3,500.

AND WHEREAS the total amount required to be raised annually during the currency of said debt by a special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is \$821.20.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of the local improvement debts, secured by special rates, acts or assessments, is \$2,147,604, and no part of the same or the interest thereon is in arrears

AND WHEREAS the total amount of the whole rateable property according to the last revised assessment roll, being for the year 1927, is \$17,512, 436.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:

1. It shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate who may be willing to lend the same upon the credit of the corporation by the issue of the debentures hereinafter mentioned the sum of \$3,500, and to cause the same to be paid into the hands of the Treasurer of the Corporation for the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than \$100 each, and not exceeding in the whole the said sum of \$3,500, and the said debentures shall be sealed with the seal of the said Corporation and signed by the Mayor and countersigned by the said Treasurer thereof, and shall be used to raise the sum of \$3,500 by way of loan as aforesaid for the purpose aforesaid.

3. The said debentures shall be dated 1st July, 1927, and shall be payable on the first day of July, 1932, at the office of the Treasurer of the said City of Kingston, in the said city.

4. The said debentures shall bear interest at the rate of five per cent. per annum from the 1st day of July, 1927, which interest shall be payable half-yearly on the first days of the months of January and July in each year, at the office of the said Treasurer in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which shall be signed by the said Treasurer.

5. THERE shall be raised annually during the currency of said debentures the sum of \$175.00 for the payment of the interest thereon and the sum of \$646.20 to form a sinking fund for the payment of the said debt, and the said sums, making together the annual amount of \$821.20, shall be raised, levied and collected in each year during the period of five years by an annual special rate sufficient therefor.

This by-law shall come in force and take effect on the passing thereof and its approval by the Municipal Board, is necessary.

Passed Oct. 31st, 1927.

WHEREAS it is expedient that the construction of a concrete walk on the south side of Mack Street from Victoria Street to Macdonnell Street, and on the East side of Toronto Street from Johnston Street southerly 410 feet, in said City of Kingston, be undertaken as local improvements, and notice of the intention of the Council to undertake such works has been duly published.

THEREFORE the Municipal Council of the Corporation of the City of Kingston enacts as follows:

1. That it is determined and declared by this by-law being passed by a vote of two-thirds of all the members of the Council that it is desirable that the construction of the said concrete walks on the south side of Mack Street from Victoria Street to Macdonnell Street, and on the East side of Toronto Street, from Johnston Street southerly 410 feet, in the said City of Kingston, shall be undertaken as local improvements under the provisions of the Local Improvement Act.

2. That as above determined and declared the said concrete walks shall be constructed as local improvements under the provisions of the Local Improvement Act.

3. That the City Engineer do forthwith make such plans, profiles and specifications and furnish such information as may be necessary for the making of the contract or contracts for the execution of the said work.

4. That the said work shall be carried on and executed under the superintendence and according to the instructions and orders of such Engineer.

5. That the Mayor and Clerk are authorized to cause a contract or contracts, for the construction of the said work to be made and entered into with some person or persons, firm or corporation, subject to the approval of this Council to be declared by resolution.

6. The Treasurer may, subject to the approval of the Council, agree with any Bank or person for temporary advances of money to meet the cost of the said work, pending the completion thereof.

7. The special assessment in each case shall be paid by twenty annual instalments, which is within the lifetime of the said work.

8. The debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest

at a rate to be fixed by a money by-law to be hereafter passed by the Council, and to be made payable within twenty years on the sinking fund plan, and in settling the sum to be raised annually to pay the debt the rate of interest shall not be estimated at more than four per cent. per annum.

9. Any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction assessed upon such lot, without interest, forthwith, after the Special Assessment Roll has been certified by the Clerk, and at any time thereafter by the payment of such sum as when invested at four per cent. per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

This by-law shall come in force and take effect on the passing thereof.
